We are back in De Molay House

COVID SAFE REGULATIONS FOR DE MOLAY HOUSE

The maximum number of people in the hall is 66.

The kitchen and back area of the hall are still off limits. The back door will be closed.

There will be no food provided. You can bring your own cup and supper if you wish but you will need to take this home with you without washing it.

Entrance and exit will be through the front door.

Upon entrance, you will need to observe the Covid health signs and make a declaration regarding those directives which includes your name, phone, email or street address and signature. Your temperature will be taken and recorded. (These records must be kept for 56 days.) Hand sanitizer will be provided upon entrance.

At the hall entrance, you will need to bring the exact change of \$2, if possible. [This amount covers the supplies required for Covid regulations.]

You will need to collect your own chair and place it 2 meters from the next person unless there is a family relationship. 2 METERS IS 2 ARM LENGTHS APART. You are responsible **after use** for the **cleaning** of the chair and placing it back where it came from. Bacterial wipes will be provided.

All tables and other surfaces used INCLUDING THE PERMANENT SEATS on the night will need to be wiped down and sprayed. This includes the toilet areas as well.

- The toilet areas to be cleaned are the seats, buttons, door handles, sinks, taps, etc. [Glen 20 will be provided.]
- The storage area surfaces will also need to be cleaned including the door handle.

Disposable gloves will also be provided.

CLEAN AND STAY SAFE

July 2021 Competition: "In A Row" **(Due: 11:59pm 8th June)**

A row of a number of items. It could be glasses lined up on a bar, a row of trees along the street or in a park, cars parked in a carpark or lined up at the lights, people queuing for the bus, etc. There are endless opportunities around us every day. Items can be all the same or just be similar items **in a row**.

August 2021 Competition: "A Toy Story" **(Due: 11:59pm 13th July)**

The image must include a toy of some sort. It can be as simple as a toy performing some sort of human activity using real life props – examples would be eating a birthday cake, chasing a cat, watching TV etc. You may wish to integrate a toy into a real life situation such as a toy car driving down the highway or parked in a parking lot amongst real cars.

You can feature toys only – for example a dolls' tea party. You may wish to show a child interacting with his/her toys. A photographer who uses toys to make art is Mitchel Wu and it is worth looking at his work.
